

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

I strongly oppose loosening the rules of media ownership. They are already far too loose as it is. We are living in a culture with a media oligopoly that has destroyed competition, eliminated the free market, allowed centralized power to filter the information to our nation, and set up the perfect breeding ground for fascism. Please, these insane mega-mergers have already endangered the economy and every American's freedom. We need to break all of these companies up not let them get bigger!

If you care at all for your country stop them while there is still time. Thank you.
